

The Department of Elementary and Secondary Education's Office of Public School Monitoring (PSM) will conduct an Integrated Monitoring Review of Monson Public Schools in March 2026. Each school district, charter school, vocational school, and virtual school in Massachusetts undergoes an Integrated Monitoring Review every three years. The areas addressed during an

Integrated Monitoring Review are organized into two groups, known as Group A Universal Standards and Group B Universal Standards.

Monson Public Schools will be undergoing a **Group B** monitoring review that addresses special education teacher and related service personnel licensure and professional development; parent, student, and community engagement, including compliance with Child Find requirements; facilities and classroom observations; implementation and oversight of Individualized Education Programs (IEPs); time and learning, and equal access. For additional information please also see [Integrated Monitoring Parent and Family Orientation](#).

The process includes interviews with interviews and/or focus groups with parents, district staff and administrators, a review of student records, policies and procedures, and school building visits. Interpretation will be provided, if needed.

The Department will also send a parent survey in multiple languages and formats, as needed, to parents/guardians of special education students to gather key information on the special education processes and procedures.

Parents/guardians and other stakeholders may call Sandra Hanig, Monitoring Review Chairperson, by telephone at (413) 314-6707 or by email at [sandra.hanig@mass.gov](mailto:sandra.hanig@mass.gov) to request a telephone interview. If anyone requires an accommodation, such as translation, to participate in an interview, the Department will make the necessary arrangements.

Within approximately 60 business days after the onsite visit, the review chairperson will provide the district with a report that includes information on further actions that may be required. The public can access the report at <https://www.doe.mass.edu/psm/tfm/default.html>.
